

Seaside Story: Seed Packets

Make seed packets to remind you that listening to and trusting Jesus is the way to become good soil. It is good soil that produces lots of wonderful fruit...

The seeds you place in your seed packet can also be given away. The Good News is great news to pass on to others!

Directions:

1. Cut out your seed packet and colour/decorate it. Fold the packet along the dotted lines.
2. Use glue or sellotape to fix the side tabs to the back side of the packet.
3. Fill the packet with seeds and glue or tape the top closed
